

GENEROUS SPONSORS

of GROWING NATIVES: Celebrating California's Beauty in Dry Times

SEQUOIA Sponsor level (donations of \$2,000 or more)

East Bay Municipal Utility District (EBMUD)

The EBMUD water system serves approximately 1.3 million people in a 325-square mile area. For more than thirty years EBMUD has been a leader in water conservation and currently supports one of the largest and most

comprehensive programs in California.

EBMUD offers water conservation services for all customers, including free water surveys and water-saving devices, financial incentives for installing water-saving fixtures, appliances and equipment, and education and outreach programs. Outreach includes participation in sponsorships, community events, and workshops for other stakeholders and organizations that support water use efficiency.

Bay Area Water Supply and Conservation Agency

The Bay Area

Water Supply and Conservation Agency (BAWSCA) is a public agency that represents the interests of 25 cities and water districts, and two private utilities, in Alameda, Santa Clara and San Mateo counties that purchase water on a wholesale basis from the San Francisco regional water system.

BAWSCA has the authority to coordinate water conservation, supply and recycling activities for its member agencies.
